

Steve Edmonds Band

The Steve Edmonds Band has garnered a reputation as one of the country's coolest Blues/Rock acts. Edmonds' many years as guitarist to some of Australia's finest recording artists (Jimmy Barnes, Renee Geyer, Doug Parkinson, Billy Thorpe, Delta Goodrem, Margaret Urlich, Chain, Hippo's, Matt Finish and Shannon Noll to name a few) has earned him a quality reputation as sideman to the stars and guitarist extraordinaire.

The Steve Edmonds Band create a great party vibe incorporating some damn fine playing and a hit list of classic 70's blues drenched guitar anthems, putting the great Australian Pub Rock tradition back at the top of its game with an "all killer, no filler" attitude.

If you're up for a great night out of live, 100% Rock and Roll music without the corny gimmicks, cabaret pretence and drum machines be sure to check them out. You won't be disappointed!
